Itinerary: VÄÄNA-JÕESUU – SUURUPI – ILMANDU – RANNAMÕISA – TABASALU

Hiking route length:

→ 20 km ⌚ 7 – 9 h

Duration: 1 day

Difficulty level: ●●

*This tour is suitable only for experienced hikers. The itinerary circles the Suurupi Peninsula where the dense forests conceal the military heritage of different eras. The Baltic Coastal Hiking Route meanders through overgrown and rocky seacoasts, birch groves, along former pioneer camps and sand-stone cliffs protecting coves with sharp capes. At the end of the itinerary, one of the most astounding outcrops of the Estonian littoral rises before your eyes – the Rannamõisa Cliffs, which gives views of Kakumäe Bay and Peninsula and the towers of Tallinn’s Old Town.*

**START:** VÄÄNA-JÕESUU coastal promenade, Luige tee (street), bus from Tallinn.

**FINISH:** TABASALU, Keskpäeva tee (regular city bus route to the centre of Tallinn).

**PRACTICAL INFO:**

**Road surface:** Cobblestones (promenade), in populated areas: asphalt roads, gravel roads, forest roads, trails, overgrown coastal areas (reeds), meadows, variable beaches: sand, gravel, stones, dolomite – sandstone base, algae washed ashore etc.

**Dangerous places:** You must not approach the upper part and the base of the Rannamõisa Cliffs and other outcrops because rockfalls occur regularly as a result of the waves washing away the outcrops. Military fortifications can be viewed from the outside!

**Good to know:** No accommodation is available in Tabasalu, but you can take a bus to Tallinn on a regular basis.
